Table Of Contents

Table Of Contents	2
1. Project Definition	3
1.1 Introduction	3
1.2 Objectives	3
1.3 Scope	3
2. Project details	4
2.1 Methodology	4
2.2 Timeline	4
2.3 Resources	4
3. Interpretation	5
3.1 Expected Outcomes	5
3.2 Evaluation	5
3.3 Conclusion	5

1. Project Definition

1.1 Introduction

{Provide an overview of the project, its importance, and the problem that needs to be solved. Introduce the context and background of the project.}

1.2 Objectives

{State the main objective(s) of the project. What specific goals do you want to achieve at the end of this project.}

1.3 Scope

{Define what you will be able to achieve and limitations of the project. What aspects will be included/excluded from the project.}

2. Project details

2.1 Methodology

{Outline the approach and methods you plan to use. This could include models, data collection, tools, etc.}

2.2 Timeline

{Provide a timeline of the project activities. This will be the length of the capstone, obviously but how much time you expect to spend on each task.}

3. Interpretation

3.1 Expected Outcomes

{Describe the expected outcomes or deliverables of the project. What do you aim to achieve by the end of the project.}

3.2 Evaluation

{Briefly outline how you plan to evaluate the success of the project. What criteria will be used to assess the effectiveness and impact of the project.}

3.3 Conclusion

{Summarize the key points of the proposal and the importance of the project.}
